

# Add an Exercise to a Contest

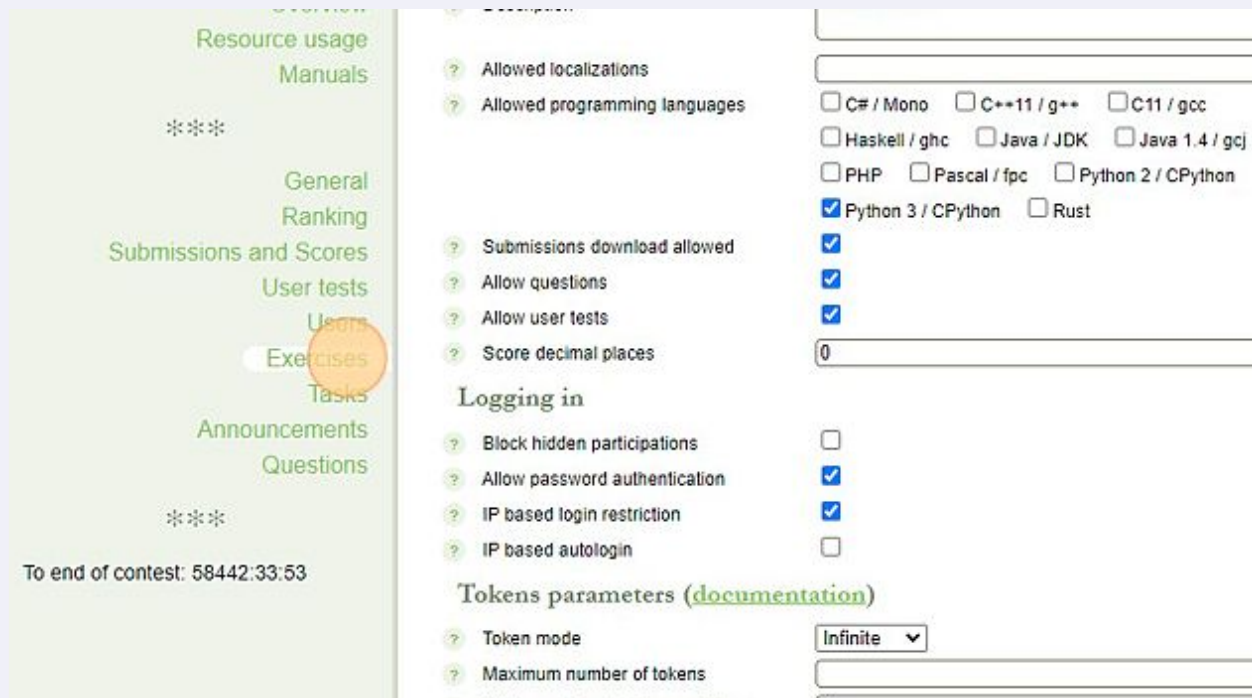

1 Navigate to [grader.inf.unibe.ch:8889](http://grader.inf.unibe.ch:8889)

2 Click on your desired contest

The screenshot shows the web interface of the grader. On the left, there is a sidebar with navigation links: Overview, Resource usage, Manuals, Contests, Exercises, and Tasks. The 'Contests' section is expanded, showing a list of contests: DEVContest, NewContest (highlighted with an orange circle), and a link to create a new contest. Below this, there are links for Exercises (DEV, PN\_HS22\_ex05, Nameoftheexercise) and Tasks (Chess). On the right, the 'Queue status' section shows 'Queue empty.' and the 'Workers status' section shows a table of workers.

Shard	Connected	Current job
0	Yes	N/A
1	Yes	N/A
2	Yes	N/A
3	Yes	N/A
4	Yes	N/A
5	Yes	N/A
6	Yes	N/A
7	Yes	N/A

### 3 Click "Exercises"

### 4 Click this dropdown and choose the exercise you want to add.

5

Click the Add exercise button to include the exercise in the contest (and all the exercises tasks)

## Exercise list of NewContest

Add a new exercise:

Edit selected task:

Name	Title	Exercise Tags
